Profile

As a recent graduate specializing in MERN (MongoDB, Express.js, React.js, Node.js) full-stack development, I bring a fresh perspective and a strong foundation in modern web technologies. Eager to leverage my academic background and passion for coding to contribute effectively to dynamic projects. With a keen eye for detail and a collaborative mindset, I am committed to delivering innovative and scalable solutions while continuously learning and growing in the ever-evolving field of software development

Areas of Expertise

MERN Stack Development: - Proficient in building web applications -Frontend Development: Skilled in creating interactive and user-friendly interfaces using React.js, HTML5, CSS3, and modern frontend frameworks/libraries -Backend Development: Experience in designing and developing server-side logic and RESTful APIs using Node.js and Express.js

Projects

E-commerce website [\(Link\)](#)

03/2024 - Present

- Developed an e-commerce website using React.js, HTML, CSS, and JavaScript, Created a modern and responsive user interface with features such as product listings, search functionality, and cart management
- Integrated third-party APIs for payment processing and order fulfillment to ensure secure transactions
- Collaborated with stakeholders to deliver a high-quality solution within project timeline

Node js Routing Project [\(Link\)](#)

02/2024 - Present

- Configured and initialized a Node.js server to listen for incoming HTTP requests on specified ports .
- Integrated middleware functions to preprocess incoming requests, perform authentication, and handle common tasks such as logging and error handling .
- Documented server setup, endpoints, and usage guidelines to facilitate collaboration and future maintenance

Portfolio Using React js [\(Link\)](#)

01/2024 - 02/2024

- Responsive Design: Utilizing React's component-based architecture, I've crafted a portfolio that seamlessly adapts to different screen sizes and devices, ensuring an optimal viewing experience for visitors .
- About Me: Get to know the person behind the code! In the "About Me" section, I share my journey, passions, and aspirations in the world of software development. From my educational background to my favorite coding projects, you'll gain insight into what drives me as a developer
- Contact Form: Interested in collaborating or learning more about my work? Reach out to me directly through the contact form, where you can send me a message or connect with me on social media platforms

Education

BE Computer Science and Engineering

Anna university ,Trichy 2023-2024

MAM college of engineering and technology

SSLC 75 Percentage, HSC 68 Percentage Relevant Courses: Internet Programing,IOT, DBMS, Artificial Intelligence,, Cloud Computing.

Fullstack Developement - Besant tecnologies Annanagar,Chennai

Skills

- **Frontend** : HTML , CSS ,JavaScript ,Reactjs
- **BackEnd**: Node Js , Express Js, MangoDB
- **Tools**: Visual Studio Code,Netlify ,Git and Github

Awards

National Conference On Smart Intelligent Computing And Application -NCSIA23
